

# LIKE SITTING IN YOUR SEAT AND BEING STILL?

Neither do we.

At **Health Professions High School**, we prepare students for college and careers. So we give students more hands-on experience, more interaction with local healthcare employers, more chances to earn college credit and more chances to test-drive your career - **all while still in high school.**

## DID YOU KNOW?

Local colleges offer dozens of degrees and certificates in high-need medical professions. HP HS has relationships with these colleges so you can enroll feeling prepared, finish faster and start your good-paying career.

# Health Professions High School Students are Prepared for College and Career

of recent graduates attend college.

In 2014, graduating seniors were accepted by **39** different colleges.

- ▶ Earn high school and college credit with our dual-enrolled classes.
- ▶ One of three high schools in Sacramento City Unified to offer college and career planning classes starting in 9th grade.
- ▶ **Small school environment, personal attention.**

## Health Partners

THE SACRAMENTO BEE 

*The formula: teach students to create and nurture their own road maps for education, career and, ultimately, life.*
